DVD player is the ticket of your home theater. Every technical index of this machine is far more superior to any previous audio-visual equipment. This completely new digital technology has compressed the audio visual effect of cinema into 12cm diameter disc which is the same in dimension as the CD disc. Especially the Dolby digital output can provide prominent digital surround effect. It can also be compatible with the existing CD, CD-R and CD-RW (It can not be compatible with some CD-RW discs).
